11/10/75 Stack to Cochran re Church committee getting spectro records:

Prepared by Kilty, from his initials on it.

First three items pertain to Q 14 and Q15. Ask him if we

a) got those records, and

b) without removal of the notes.

Reason for the second, notes being disclosed, is because the record concludes by saying they were released to the Committee. No restriction indicated and release means without restriction.
